Education Experience

The Hong Kong University of Science and Technology (HKUST)

2022.09 — 2023.10

Master of Science in Big Data Technology

Hongkong

- ❖ GGA: 3.76
- ❖ Highly recommended by tutors from SCUT and exempt from admission examination of HKUST.
- ❖ Major Courses: Mathematical Methods for Data Analysis(A+), Data Mining(A), Foundations of Data Analytics.

South China University of Technology (SCUT)

2018.09 — 2022.06

Bachelor of Science in Mathematics and Applied Mathematics

Guangzhou

- ❖ GPA: 3.63/4.00 (Top 10%)
- ❖ Major Courses: Database Systems, Mathematical Statistics, Mathematic Experiments, Stochastic Process.
- ❖ Honors: The first prize in American Math Modeling Competition, Outstanding Graduates of the Class 2022.

Work Experience

The Hong Kong University of Science and Technology

2023.08 — 2024.01

Research Assistant Prof. Gary Chan

Hongkong

- ❖ Work on IOS development for an indoor positioning system, implementing several features (BLE, GPS, IMU, etc.) for real-time user location tracking and enhancing the positioning accuracy to 2-5 meters.
- ❖ Implement improved PDR methods with threshold filtering to IMU data into the Sifu localization system enabling successful detection of different motion states like shaking, running, walking, and standing.

Internship Experience

Meta Metopia Technology Co., Ltd

2023.02 — 2023.06

Software Engineer

Hongkong

- ❖ Assist in the completion of a white paper on web 3.0 standardization in Hong Kong. Aided in virtual currency system, dual mining mechanism design by investigating different currencies such as Bitcoin, ETH, etc.
- ❖ Contribute to web3 community development with a focus on permission management of users. (In Solidity)

Airdoc Technology Development Co., Ltd.

2022.07 — 2022.09

Data analyst

Beijing

- ❖ Use Python crawlers to help complete the relevant recommendation algorithm by obtaining more than 10,000 pieces of public information, including balanced diet advice, and government bidding information.
- ❖ Learned application scenarios of Spark in medical imaging and got familiar with Spark commands.

Ping An Insurance (Group) Company of China, Ltd.

2021.07 — 2021.09

Data analyst

Guangzhou

- ❖ Audited Ping An's business data on micro and small business insurance in the Guangdong province. Learned how to use Hive SQL to generate weekly and monthly reports and distribute the data to subordinates.
- ❖ Selected more than 1,000 micro and small business owners from 100,000 auto insurance customers through a random forest algorithm in R. This filtering could make the advertisement more efficient.

Skills & Hobbies

- ❖ **Languages:** English (Fluent, passed CET-4, CET-6, and TOEFL), Mandarin (Native)
- ❖ **Programming Languages & Tech Stack:** Python (Pytorch), Matlab, R, SQL, familiar with C++, PySpark.
- ❖ **Hobbies:** Electronic piano level 10 amateur, college band team with the position of saxophone, enjoy reading and swimming.
